

# PROJECT

# Slippers

## Supplies:

- Slippers (Walmart, Dollar Tree)
- Scissors
- Silk Flowers
- Ribbon
- Low-temp Glue Gun
- Glue Sticks

## How-to:

1. Assemble all your supplies. Before you start gluing down your flowers, ribbon, and fun . . . design first. Get an idea of what you want your slippers to look like! 2. Once you have the design, start gluing. It's very easy and fun. The bigger and brighter, **the better!**

## Tips:

Clip the stems on the back of your flowers. Be careful not to cut too short. If you do, glue your petals to the slipper.

## Great for:

- End of the Year Teacher Gifts
- Mother's Day Gifts
- Birthday Gifts
