See step by step instructions on Art Blog at www.thouartexalted.com

HOW TO:

INSTRUCTIONS

1. Select a picture frame. I chose two frames and glued them on top of one another. The base frame in the art video is a square wooden frame from *Michaels*. The top frame was a square frame from the *Dollar Tree*.
2. Select two coordinating papers and trace them using your frame's cardboard insert as a template.
3. Cut out paper and glue to your frame or insert.
4. Put paper back in the frame as you would a photograph and reassemble the glass.
5. Hot glue your smaller frame onto your larger frame.
6. Print out the MESSAGE BOARD scripture and add to your frame.
7. Using a hot (low temp) glue gun, embellish your frame with ribbon, trim, buttons, and more.
8. Add your dry erase marker with ribbon and start "taking NOTE" of God's word!

James 1:19 tell us to pay attention...**TAKE NOTE of this:** Everyone should be **QUICK** to listen, slow to speak, and slow to become angry..." In order to be **DOERS** of the word of God, we need to listen to it, think about it, and write it down. What a perfect craft to **REMINDE** us to **DO** this! The Message Board will help us to recall James 1:13-25. As you are writing down notes, you will be reminded that every good and perfect gift is from above and that God chose **YOU** to plant His word into your heart so that if you **DO** what it says, you will
